MEMORANDUM FOR: Mr. Wisner

**SUBJECT:** Proposed advice to the President concerning establishment of new official intelligence liaison between the United States and [REDACTED]  
(DD)

1. After reading your attached memo the Director said he did not wish to send the proposed letters to the President on [REDACTED]. 2. The Director also informed me that he did not wish to include these two particular instances in his oral briefing to the NSC on 26 April for the reason indicated above. I have so informed J. C. King and [REDACTED]

2. I enclose two letters which have been drafted for your consideration [redacted] and which I think contain well-founded statements of the situation. It occurs to me that you may wish to compress these memoranda somewhat, or possibly consolidate them into a single report. In case you desire us to undertake a revision we will be glad to do so along lines which you may indicate.

The successful accomplishment of these two highly significant new relationships is the result of excellent teamwork as between ourselves and State, with a large measure of credit going to [redacted] and, of course, Henry Holland himself. At the same time, our people had the foresight to spot the opportunities and press for these objectives, and moreover, were fully up to the mark when the time
